

# Conference & Exhibition 2007

## New Technology Taking Shape

### Invitation to Participate

■ Speakers   ■ Exhibitors   ■ Sponsors   ■ Delegates

*"New Technology Taking Shape"* is the theme for our 2007 conference and exhibition. Presentations will feature the latest in composites technology. Tutorials, workshops and round-table discussions will add to the programme and give everyone the chance to participate.

The trade exhibition is an opportunity to display emerging and existing technologies and products. A number of outdoor spaces for live practical demonstrations and lawn displays are also available.

With local and international representation from fabricators, suppliers, government and educational and research institutions, the diverse group of attendees will offer valuable networking opportunities.

All delegates are invited to the poolside BBQ at the end of the day – bring your partners too. Be sure not to miss this industry social event of the year!

Be involved with this major event - as a speaker, an exhibitor, a sponsor or a delegate. Showcase your company! Learn, experience, expand your contacts and meet the "who's who" in the world of composites.

Queensland's Gold Coast has an abundance to offer in terms of sightseeing, leisure activities, entertainment, relaxation and culture. The weather in late April is generally warm and sunny. Bring the whole family for a holiday!

**Mark your calendars now and plan to be on the Gold Coast in April 2007!**

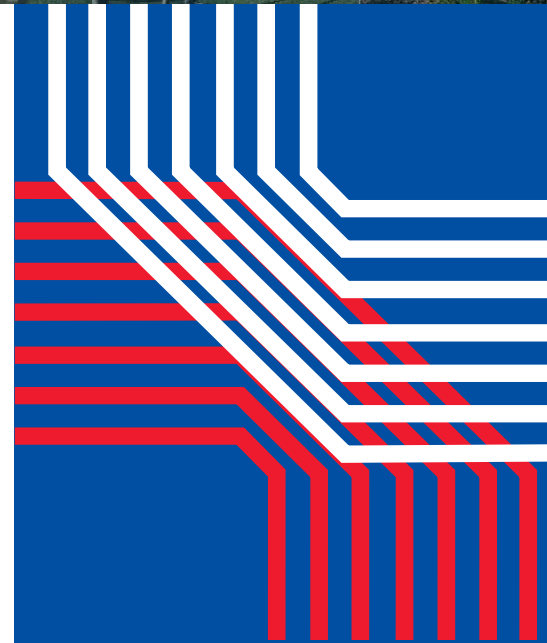

*(If you **think** you might benefit from attending – you **will!**)*

### Give a Presentation

We invite abstracts for presentations on technical topics and/or those related to training & skills, business management, and environmental or occupational health & safety issues. We also welcome suppliers' presentations on products and services, as once again there will be the popular, dedicated "Suppliers Session".

Abstracts will be evaluated on originality and technical quality, relevance to the industry, our members and to the conference theme. Presentations must not focus on promotion of a company or its products. Those which do so will be allocated into the Suppliers Session. Register your interest below to be sent a Presentation Application.

**19-20 April 2007**  
**Royal Pines Resort,**  
**Gold Coast, Australia**

# Conference & Exhibition 2007 New Technology Taking Shape

19-20 April 2007 Royal Pines Resort, Gold Coast, Australia

## Exhibit your products & services – or give a practical demonstration

Last year's booth spaces sold out and the exhibit was rated a great success. Once again, free passes for the exhibition will be available to local fabricators and other interested parties. Register your interest in reserving a booth and/or demonstration space with the form below. You will be sent advice on a floorplan and booking form with options and costs.

## Sponsor an event

Sponsorship options are available. Take up the opportunity to sponsor the satchels, dinner, lunch, drinks, golf or other activities and in so doing advertise your company and its support of the industry to all attendees. Register your interest to be sent more information or to reserve the sponsorship of your choice.

## Attend

Take part in the conference & exhibition and all that comes with it. Register your interest in taking part as a delegate with the form below. The Early Bird Registration Form will be sent to you hot off the press!

## For more information please contact Ann Byrne
