

## COMPOSITES AUSTRALIA INC.

***The primary objective of Composites Australia is to provide a forum for the advancement of the composites industry.***

The association represents fabricators, suppliers of raw materials and providers of services within the composites industry. With nearly 200 corporate members it provides a forum for the industry to exchange information and promote the development of new markets for composite products. The objectives for which the association is established are to:

- Responsibly maintain the market for, and promote the increased use of, composites products.
- Represent members' interests to Federal, State and Local Governments and regulatory authorities, insurance companies, consumer organisations and the media to ensure fair and equitable treatment of composites products.
- Develop a high standard of commercial ethics amongst members.
- Actively promote development of the skills base of the industry.
- Provide a forum for discussion by members on subjects of common interest.
- Liaise with other relevant industry groups and institutes, within Australia and overseas.

### Member benefits include:

- Members' Briefings – functions for members to learn about current issues and hot topics for the industry and take part in networking opportunities with others in the industry.
- A two-day national conference which brings together speakers from both Australia and overseas along with an exhibition of trade displays and demonstrations.
- A listing on Composites Australia's interactive website
- An email network for inquiries that provides fast and effective communication between members and potential customers, members seeking advice and other interested parties.
- An online discussion forum and bulletin board where members can ask questions, discuss current topics of interest and post notices or advertisements for positions or equipment.
- A free copy of the "Code of Practice - Occupational Health & Safety in the Australian Composites Industry".
- A free copy of the "Environmental Information for the Composites Industry".
- A free copy of the "Model Environmental Management Plan for the Composites Industry".
- Free copies of the Composites Australia magazine, "Connection", issued four times a year.
- The opportunity to promote your company's products and services in the magazine.
- Free copies of the official magazine of the American Composites Manufacturers Association, issued twelve times a year.
